

ELECTRIC SHAVER

ABSTRACT OF THE DISCLOSURE

An electric razor, having a housing and a cutter head mounted to the housing. The cutter head includes an elongated, longitudinally extending hair cutter assembly having a first rotatable, apertured outer cutter member, and a second, driven inner cutter member positioned in shearing engagement with the outer cutter member. A drive is provided for driving the inner cutter member. The outer cutter member is rotatable around an axis extending in the longitudinal direction of the inner cutter member.
